

**JOLE
ENTERPRISE**

About Us

JoLe provides a fully trained and certified workforce for the ship repair, marine, offshore and industrial construction for both short- and long-term assignments. We know that when more people are employed and businesses have manpower to complete a project, it improves not only the community but also makes our country stronger.

Our Solutions

We are dedicated to recruiting, placing and managing qualified workers at reasonable rates. Our goals are to reduce labor costs without sacrificing the quality of the workforce.
